12 The Bruner-Messinger Gallery

William Matthews: Decades

Colorado-based artist William Matthews has had a long and prolific career spanning five decades. Best known for depicting the remote landscapes and portraits of people inhabiting the American West, Matthews has designed albums, painted book covers, traveled the world, and documented it in his watercolor paintings. This major exhibition brings together Matthews' most prolific plein-air watercolors. The show will also include his other mediums, such as album covers, murals, and ephemera, that pay tribute to his prominent presence in the international art world.

On View through April 28, 2024
